PRESENTS
MICROCOMPUTER
WORKSHOP

**New Micro-Based Technologies
and Software for
Small & Medium-Sized Libraries**

August 17, 1989

SCHEDULE OF EVENTS

9:00 - 9:30	Registration & Coffee (Your name tag will place you in a group for the day.)

9:30 - 10:30   Featured Speaker: ***Dr. Ching-Chih Chen***
                                                        HYPERMEDIA

Discussion focuses on integrating technologies (microcomputer, optical, audio, video). Dr. Chen is Professor and Associate Dean, Simmons College Graduate School of Library and Information Science. She is editor-in-chief of <u>Microcomputers for Information Management</u>. A bibliography of her publications is attached.

Our sincere thanks go to the people at Apple, Inc. and SONY for their very fine support of this presentation.
